We are delighted to invite you to the inauguration of new IT Office Spaces at Infopark in a solemn function at Infopark, Kochi. This event signifies the commissioning of 3 brand new office spaces, including more than 1 Lakh square feet of Cognizant Technology Solutions, one of the leading Global IT Services Companies.

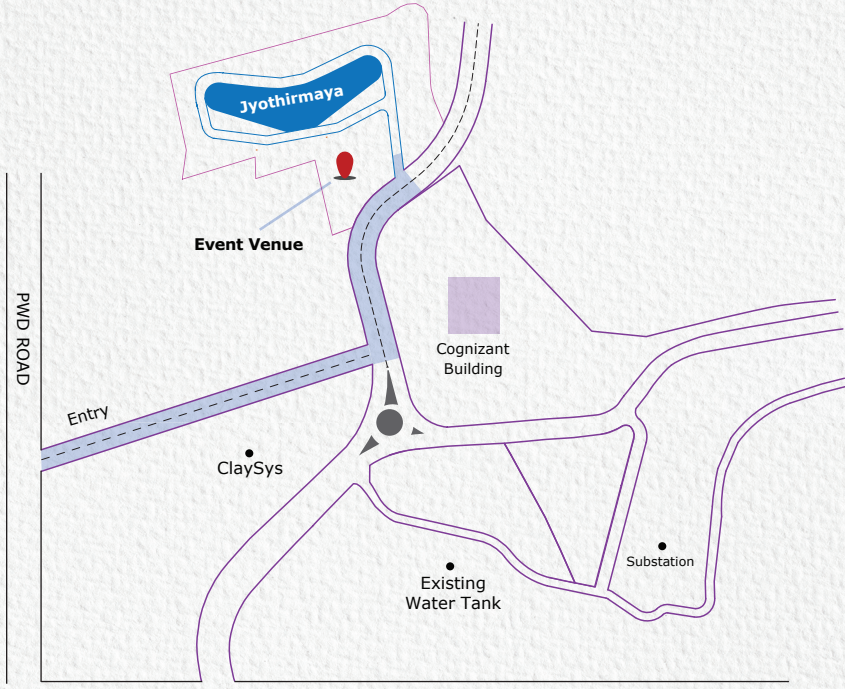

A total of 1,60,000 sq. ft. of IT office space meeting international standards will be launched in this event, directly resulting in the creation of more than 2000 jobs. Though more than half of this growth is attributable to Cognizant, this expansion of Infopark also marks nearly 20 other small and medium IT companies starting new or expanding in Kochi, in the last few months, as part of the strong post pandemic IT growth that Kerala has witnessed.

This is yet another milestone in Infopark's journey towards being a top tech destination in the country. We are grateful to you for the part you have played in this journey and will be honoured to have you with us on this auspicious occasion.

Cordially inviting you to **Infopark Phase II Kochi on July 29, 2022 at 11 am.**
